## 4th Quarter

Teachers will submit 3rd quarter grades no later than 4/10. They will be mailed to families no later than 4/21. It is CRITICAL that students are passing all of their classes as they begin the 4th and final quarter of the school year. **Daily attendance can have a significant impact on students' ability to succeed academically, so please talk with your child about being at school every day, except in the case of illness or emergency.** Students who are struggling with grades should reach out to their teachers. Soon, we will reach out to families about the 2023 summer online-credit recovery program.

## After-School Behavior

We are very excited to have some new neighborhood options like Starbucks and Dutch Bros! The addition of these businesses has, unfortunately, invited incidents of disrespectful behavior from some of our students and students from Einstein - especially after dismissal each day. Please talk with your child about the importance of good behavior traveling to and from school. This includes walking safely on the street and in parking lots and refraining from loitering in and around local businesses. Let's work together to represent Rosemont proudly at all times.

## Blood Drive

The last Blood Drive of the year is Wednesday, April 12 in the lower E building. Blood drive forms are due to the student store ASAP. Students should turn in [permission slips](#) now!

## Spring Testing Begins 4/18

Spring testing (CAST, CAASPP, AP) is right around the corner! The first round of assessments is the CAST science test for **seniors** in social science classes. Here is the schedule for the **week of April 17th**. All students follow the normal bell schedule.

### **Update from Rosemont Robotics**

For those of you who will not be able to attend the Board meeting on Thursday, here is what Trustee Christina Pritchett will be sharing when the team is introduced:

“Rosemont Robotics, TEAM 5274, has participated in *FIRST* Robotics since 2014. *FIRST* was established in 1992 and now has over seventy thousand high school aged team members from 30 countries around the world. The founder, Dean Kamen, had an idea to provide a platform for these young people to showcase their unique talents in science, engineering and business in a highly competitive team environment. “*I want to compete for the hearts and minds of kids with the excitement of the Super Bowl.*” These are the words that launched *FIRST*.

TEAM 5274 has been in 152 official matches over the past 10 years, with a record of 70-81-1. In 2016, the team was 14-9-1 and earned a spot at the world championships with a win at the Sacramento Regional. In the past two seasons, the team has had a record of 32-26, finished 2nd twice and 4th twice, and earned a second berth to the Championships.

The team is set to depart for Houston, TX next Wednesday to compete against over 600 teams from 30 countries around the world. To put this event into perspective, there will be 8 full-sized fields in action. Each field will host a standard 75-team tournament, and the winning alliances will advance to the grand finale Saturday night. The grand finale is a moment no one in attendance will forget...

The team will spend its final day in Houston touring the Johnson Space Center. This year's team is most remarkable in several of ways:

- The team has 13 members (3 seniors, 3 juniors, 4 sophomores, & 3 freshman)
- Two of the graduating seniors have been involved with *FIRST* for 6 years, starting with the Albert Einstein Middle School robotics team.
- Two of the juniors, two of the sophomores, and two of the freshmen are also on track to participate for 6 years.
- There are 6 rookies.
- There are 4 girls and 9 boys.
- This team ended the qualification matches in the top 8 which meant they were automatic alliance captains for the elimination rounds.

Here is the 2023 team:

Zackary Aebersold- 10th grade, Lead builder, Drive Team (2nd year)

Ryan Bowie – 10th grade, Design, Drive Team (2nd year)

Jason Chen – 11th grade, Build, Scouting (rookie)

Lory Datsyuk – 9th grade, Build, Scouting (rookie)

Elijah DeBusk – 9th grade, Programming, Drive Team (rookie)

Diego Delgado – 11th grade, Build, Design, Scouting (3rd year) Mitchell Milobar – 12th grade, Team lead, Build, Drive Team (4th year) Aiden Stewart – 10th grade, Build (2nd year)

Diana Torres-Arias – 12th grade, Lead Business (4th year)

Jose Torres – 11th grade, Build, Safety (3rd year)

Kalani Vollmer – 12th grade, Business, Scouting (rookie)

Alexandra Willis – 12th grade, Business, Scouting (rookie)

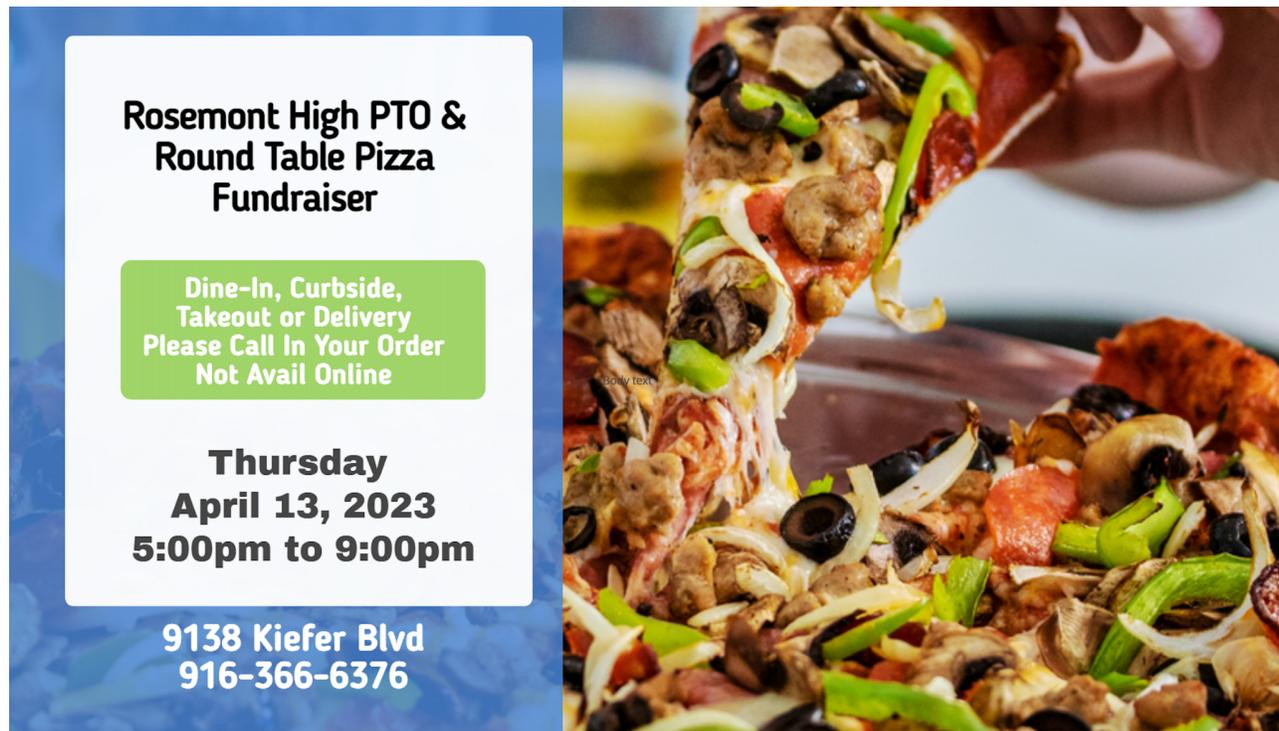

Tom Yokoi – 9th grade, Business, Scouting (rookie)

Rosemont Robotics continues with fundraising as they prepare for the World Championships later in April! Here's a great pic from their event at the Sandwich Spot last weekend.

### **WeTip Anonymous Crime or Misconduct Reporting Resources**

Just a reminder to all of our families and students that we must all work together to keep our school and our community safe. There are 3 ways to anonymously report crimes or misconduct.

1. Call 844.916.4544
2. Text Report to 844.916.4544

Visit: <https://mobile.catapultems.com/sacramento-city-usd/Sites>

### **Inter-and Intra-District Permit Applications Open**

Between April 1 and May 1, families have the opportunity to transfer from another district into SCUSD schools AND SCUSD students may also apply to switch to a different school other than their neighborhood school. The first step is to create a SchoolMint account, add a student and indicate whether your student is currently enrolled in SCUSD schools. Instructions for creating this account and how to apply for an inter- or intra-district permit transfer can be found [here](#). Permits are approved based on space availability at the school of your choice, and grades, attendance, and discipline reports will also be considered.

Have a great week, Wolverines!
