Picture Retake Day

For students who want to retake their school picture, retakes are available this Wednesday. Schedule TBD.

Jaywalking

The safety of our students is our top priority, and we are deeply concerned that a number of students are jaywalking on both Kiefer Blvd. and Mayhew Drive on the west side of the campus. Jaywalking is illegal and extremely dangerous. Please talk with your student about the importance of using crosswalks at all times. This includes before school and after school.

Cell phones and Social Media

As cell phones and social media have become a part of daily life, students and staff often rely on social media to communicate important school information and promote the accomplishments of our outstanding student body. Unfortunately, these same tools can also be used to bully, harass, and threaten students, which has a harmful effect on the victim and can disrupt the school environment. This is a reminder that any online posting, reposting, liking, distribution, or otherwise sharing bullying or harassing material aimed at students may subject a student to school discipline, including suspension and expulsion. Depending upon the nature of the digital/electronic content, there are also possible criminal penalties. We urge all students to use their best judgement when posting and sharing material online or through their smartphones, and remind all students that possession or sharing of inappropriate content during school or school related activities, or sharing content which targets fellow students or the educational environment in harassing or threatening ways, is prohibited.

Rosemont Robotics Rocks!

TEAM 5274, the RHS robotics team, competed in the Capital City Classic robotics tournament this weekend at Pleasant Grove HS. The CCC is an after-season event in which the teams get one more chance to play the 2022 game, Rapid React. During the regular season last winter, TEAM 5274 placed 2nd at the Sacramento Regional and was an alliance captain (first time ever) at the Central Valley Regional where they ended up tied for 4th.

This time the robot we call “Kit” was driven by a couple of new drivers, and students had a great competition. Thanks so much to Mr. Stafford for continuing to run the Rosemont robotics department after his recent retirement!

Soccer Conditioning

Soccer (girls & boys) conditioning is on Mondays and Wednesdays from 4-5pm. Students should meet in the back parking lot, by the large grass area, near the stairs to the stadium. Please make sure they bring water and running shoes. Girls Soccer Tryouts will be November 1st-3rd at 6pm-8pm. Also, make sure they have completed a Sports Physical prior to tryouts and filled out the online paperwork on AthleticClearance.com.

Thank You!

Special thanks to Rosemont parents Chad and Alison Terry, who secured a donation of a number of game machines, candy machines, and a gumball machine to Rosemont! We can use these for all kinds of school events, including Homecoming. Mr. Terry and Rosemont parent Brian Stoddard drove all day Saturday and late into Saturday evening transporting these machines from out of town. We are extremely grateful for the donation and also for their donation of time and other commitments to bring them to campus.
