**Re: Summer School – Credit Recovery**

Principals and Counselors:

Summer School will be held at Sacramento Accelerated Academy and will begin on June 19<sup>th</sup> and run through July 27<sup>th</sup> (6 weeks), Monday through Thursday. We are asking for your assistance in referring the only appropriate current 11<sup>th</sup> and 12<sup>th</sup> grade students to Summer School at SAA.

First priority will be given to current Seniors who are within 25 credits of graduation. Second priority is for current Juniors with 150 -160 credits. You may refer credit deficient Juniors (less than 150 credits) and Seniors with less than 200 credits, with the understanding that their enrollment in Summer School is contingent on space available and their specific credit situation.

The summer school application is attached and can be copied and distributed as needed. **Please note that a current transcript must be attached, all needed courses must be listed and approved by their counselor and parent.** The parent or student must bring the completed application to SAA for registration. Applications will be accepted starting May 15<sup>th</sup> at our office in room 18 from 8:00 AM until 3:00 PM Monday through Friday.

The following courses will be available for Summer School 2017:

English 9-12	Government	Physical Science
Integrated Math 1-3	U.S. History	Chemistry
Physical Education	World History	Physics
Spanish 1 and 2	Geography	
French 1 and 2	Contemporary Global Issues	Limited Elective Choices
Economics	Biology	

\*Summer school classes can only be taken to recover credits for a previously failed course, or required for graduating seniors who have not met the requirement.

No Senior Projects will be approved or completed during summer school at SAA. Students need to complete the senior project requirements at their home school.

Please feel free to contact SAA with any questions pertaining to this letter.

Sincerely,  
Kirk Arnoldy  
SAA Summer School
