

## Academic Probation

Students will be placed on Academic Probation for failing grades on the following dates:

- Quarter 1 Progress – October 5, 2018
- Quarter 1 Term End – November 8, 2018
- Quarter 2 Progress – December 10, 2018
- Quarter 3 Progress – March 4, 2019
- Quarter 3 Term End – April 4, 2019
- Quarter 4 Progress – May 13, 2019

Students with failing grades during these time periods will be required to go to **Assets Tutoring\***. Families will be informed when students are placed on Academic Probation by administration. Students placed on Academic Probation will not be allowed to attend RHS extracurricular events (sports, dances, etc.) only if they do not attend Assets or related after school academic help.

Students who are failing math can go to the Math Lab for tutoring Monday and Wednesday during 7<sup>th</sup> period, but still have to attend Assets tutoring after math tutoring has ended or on days math tutoring does not meet.

Students placed on Academic Probation as a result of a failing grade(s) at the term end of Semester 1 (February 4, 2019):

- Will be enrolled into Accelerate Education (on-line learning) during zero or seventh period. Students can complete online courses faster if they also work at home.
- Those same students will be required to attend **Assets Tutoring\*** after school until the course(s) that was failed is made up with a 70% or higher.

**Students will be removed from Academic Probation if at the next grading period there are no failing grades. Students are encouraged to check in with their teachers often and to seek out teacher assistance during their posted office hours.\*\***

**\*Assets Tutoring** – is after school Monday thru Friday, 3pm – 6pm in the Library

- Attendance will be taken
- Students need to be on time and check in
- Students need to stay for the entire tutoring time
- Snacks are provided

**The schedule for Academic Probation with Assets is as follows:**

- Mondays – All Math
- Tuesdays – All English
- Wednesdays – All Science
- Thursdays – All Social Science
- Fridays – All World Language (and any other students seeking help)

**\*\*How do students get off Academic Probation?**

Students get off of Academic Probation by passing all classes!

Example: Jonathan has an “F” in Math I on October 5, 2018

Jonathan is placed on Academic Probation until November 8 (the next grading period). Jonathan is reassessed on November 8, 2018.

- If Jonathan is now passing Math I and not failing any other course Jonathan is removed from Academic Probation.
- If Jonathan is still failing Math I he remains on Academic Probation
- If Jonathan is now failing a different course he remains on Academic Probation.

**If students do not show up to Academic Probation by either:**

- 1. Attending Assets**
- 2. Attending a teacher’s after school tutoring session and then going to Assets when that session is over**

**Only then students will be placed on the no activities list.**

Families will be informed when students do not show up. The master attendance list will be maintained by Mr. Alvarez of Assets. Lack of attendance under the terms of Academic Probation may result in the following:

1. Placement on the No Activities List
2. Contact with student family
3. SST Scheduled
4. Referral to SCUSD Hearing and Placement Office for Credit Recovery

*Teachers: if students come to your class for after school assistance, please email Mr. Alvarez of their attendance in your session so that he can know that they are present with you and that he should expect them after your session is over.*

The Academic Probation master list will be shared with staff.
