Second Week Procedures

➤ **Balancing Classes**

Mr. Jones, Ms. Hainsworth and our counseling team will be working to make class changes and balance classes over the next few weeks. Please be patient as we work through this process.

➤ **Live Body Counts**

Each day, campus security will come through classes to do live body counts during 4th period classes. We will be asking how many students, by grade level, are in attendance. Sorry, in advance, for the brief disruption each day!

➤ **First Day Forms Collection**

4th period teachers should collect signed forms from the first day packets. Please encourage students each day to bring those back. You may turn them in as you get them or wait and turn them in to the front office at the end of the week.

It's Spirit Week!

We'd love to see staff dress up as we lead up to the first rally of the year!

Instruction

Thank you, teachers, for a great start! As we move into the second week, please continue your focus on the following:

1. Post and share Learning Intentions for All Students for each class each day. A learning intention should include what students will know or be able to do by the end of the period as well as a measurable proving behavior. Link to last year's presentation [here](#).

Examples:

- *Students will know the safety procedures for in-class labs and restate them to their learning partner.*
 - *Students will know the difference between a variable and a constant and identify an example of each one as an exit ticket.*
2. To support a bell-to-bell culture of instruction, hold students accountable for starting an activity immediately as the class begins. This could be an inclusive opener or some other task that requires that students are on time and ready to begin.
 3. Have students work collaboratively to develop classroom expectations for behavior.
 4. Incentivize being on time to class. Take points away from the opening activity, for example, if students are tardy.
 5. Teach students your classroom procedures (how to enter the classroom, how to move in and out of collaborative groups, how/when to ask questions, etc.) to provide structure and consistency.
 6. Review the Language Frames for whole-group and small-group dialogue. [Here](#) is a copy of what you'll receive. You can print out and laminate a class set to be used whenever you want to reinforce their use.

Grade Level Assemblies

All students will attend grade level assemblies tomorrow, **September 5th**. Teachers with pure classes should escort students to the auditorium. Teachers with mixed classes should send **ONLY** students in the grade level for that period.

Period 2	Seniors
Period 3	Juniors

Early-to-Lunch Rotation

Release students **two minutes** early from 4th period when it's your turn on the rotation! **Please do not release students earlier than that.**
