Blue Crew Assembly 4th Period on 3/17

Blue Crew is seeking to re-establish itself this semester as a student driven campus climate initiative focused on Freshmen and their continued success at Rosemont. Our primary goal this semester is to help guide our Freshmen through the transition of being new students in high school, to established members of our campus community and the responsibilities that entails. We will seek to establish—through the example of our leadership—how Rosemont students should support each other and provide opportunities for all members of our campus to be active members of our school.

The 3/17 4th period assembly, **for freshmen only**, is an opportunity to reestablish relationships with those students and continue to pursue bridging the gap between the lowerclassmen and upperclassmen. It will help us get to know our freshmen better and increase the communication between leaders and members. It would also be a time to smoothly incorporate newer freshmen here on campus who were not able to attend the orientation in the beginning of the year. This would be a reignition of Blue Crew for the second semester, and a refocus for the promotion of the class and participation for next year.
